

# QUAD RELEASE®

## *Premium Ice Melter*

*With Pattern Indicator*

### ■ 4-WAY MELTING POWER

Quad Release® is formulated with 4 effective ingredients, including Calcium and Magnesium Chloride.

### ■ EFFECTIVE TO -10°F

Quad Release® is geared to outperform Salt, Urea, Potassium Chloride or combinations of these ingredients by melting to -10°F and lower.

### ■ WORKS FAST

Quad Release® granules are coated with a powerful de-icing agent that works on snow and ice faster than untreated ice melters.

### ■ PATTERN INDICATOR

Quad Release® is coated with a non-staining colorant to help provide smooth and consistent coverage, even during low visibility conditions.

### ■ LONGER SHELF LIFE

Quad Release® is treated with organic anti-caking conditioner to provide prolonged storage with minimal clumping.
