David Atterbury Earns CLCM

"Committed to Service Beyond Expectations"

HERNDON, Virginia --- June 17, 2014 --- PLANET, the national landscape and lawn care industry trade association, announced that **DAVID ATTERBURY** of Green Resource has earned the prominent Landscape Industry Certified Manager designation and now nationally certified.

The achievement of the Landscape Industry Certified designation demonstrates a distinguished level of professionalism. Certification is voluntary and it represents a professional's dedication to exhibiting superior knowledge in his or her field. Only a select few, approximately 1% of landscape professionals working in the United States today, are certified.

PLANET's Landscape Industry Certified program, supported and used internationally, offers seven different certifications that include expertise in lawn care, interior plant care, horticulture, landscape care, and business management.

PLANET, the Professional Landcare Network, is the national trade association representing more than 100,000 landscape and lawn care industry professionals, who create and maintain healthy, green living spaces for communities across America. PLANET members are committed to the highest standards in industry education, best practices, and business professionalism. Many of PLANET's professionals have attained the status of becoming Landscape Industry Certified, achieving the greatest level of industry expertise and knowledge.
