## **U.S. National Whitewater Center**

"Committed to Service Beyond Expectations"

CHARLOTTE, North Carolina --- July 20, 2010 --- Green Resource hosted a corporate teambuilding exercise and lunch at the prominent U.S. National Whitewater Center. The primary objectives were to test associates in a variety of facilitator-led initiatives to examine the associates' leadership, problem solving, and communication skills under stressful conditions. This unique event enhanced employee morale and created stronger internal bonds between associates. Green Resource plans to participate in the 'High Ropes' course next year.

Vendors included basic manufacturers from: Aquatrols, ARCTECH, BASF Corporation, PBI/Gordon Corporation, Profile Products, Quali-Pro, Solu-Cal USA, Spring Valley USA, Syngenta Crop Protection, and Western Excelsior.

Special guests featured: Tim Kreger, Executive Director of the Carolinas Golf Course Superintendents Association (GCSA) and Laura Nakoneczny, Executive Director of the Turfgrass Council of North Carolina (TCNC).

### **U.S. National Whitewater Center**

The U.S. National Whitewater Center is a non-profit outdoor recreation and adventure sports facility. Alongside mountain biking and running trails, a climbing center, mega zip line, and a challenge course, the park's unique feature is a multi-channel, customized whitewater river for rafting and canoe/kayak enthusiasts of all abilities. The site provides nearly 400 acres of woodlands along the scenic Catawba River. The U.S. National Whitewater Center is proud to be a U.S. Olympic Training Site.
