## Profile Baseball Field Clinic

"Committed to Service Beyond Expectations"

CORNELIUS, North Carolina --- March 20, 2012 --- Green Resource and PROFILE Products teamed together to host a Baseball Field Clinic at the Town of Cornelius's Bailey Road Park.

John Ferguson, a Regional Sales Manager for PROFILE Products, discussed soil composition, the importance of managing moisture, and related baseball field maintenance techniques.

Jeff Zobel and Jack Mulligan, Jr., two Green Resource sales associates based from the Charlotte Distribution Center, informed the audience of the Turface product portfolio. The three-hour clinic was concluded after a brief question and answer session.

John Ferguson, of PROFILE Products conducted a hands-on demonstration of how to remove excess water from a baseball field after a simulated rain delay.
